Filing Date:	December 20, 2004	Examiner:	not assigned
For:	Polyamides for Nucleic Acid Delivery		

Request to Correct Inventorship under 37 § CFR 1.497(d)

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

It has been found that the International Application from which the instant nonprovisional application claims priority, as filed, through error and without deceptive intent, improperly set forth the inventorship. Accordingly, this application is presently amended under 37 CFR 1.497(d) by the deletion of the following inventor to the inventorship of the above-noted application: Walter Keith Jones, formerly of Cincinnati, Ohio and currently residing in Fort Thomas, Kentucky.

Submitted with this Request are the following documents required under 37 CFR 1.497(d):

1. Statement of Walter Keith Jones under 37 CFR § 1.497(d)(1), indicating his inclusion as in inventor was made through error and without deceptive intent;
2. Written consent of the assignee under 37 CFR §§ 1.497(d) and 3.73(b) regarding correction of inventorship in a patent application, to correct inventorship by deleting Walter Keith Jones;
3. Statement of the Assignee under 37 CFR § 3.73 (PTO Form SB0096);

4. Copy of the executed Assignment by Theresa M. Reineke; and

5. The requisite fee as set forth in 37 CFR § 1.17(i) for correcting inventorship under 37 CFR § 1.497(d)(2) (\$130.00).

A copy of the inventor's Declaration, signed by Theresa M. Reineke, was previously submitted electronically June 17, 2008 and is not duplicated herewith. It is believed that the above fulfills the requirements for correcting inventorship under 37 CFR § 1.497(d). Accordingly, correction of the inventorship for the instant application is respectfully requested.

Respectfully submitted,

/Jennifer L. Livingston/
